***Why did we leave this ticket on your
windscreen?***

You may not realise it, but you have inconvenienced a large number of people by leaving your car where it is.

Cyclists and pedestrians can find their journey continuously blocked by parked cars, and this can cause congestion and possibly dangerous situations for cyclists. Pavement parking makes it difficult for parents with pushchairs, the elderly and others to walk on the pavement, to the extent that sometimes you have to walk on the road? This situation can sometimes make people so angry that they have to restrain themselves from doing some damage to the vehicle in question. That's why we thought up the Pedalpushers Parking Ticket.

We know that the police and traffic wardens can't be everywhere, so we have made it possible to issue a gentle, slightly humorous and extremely cathartic reminder to remind you that what you are doing is antisocial, illegal and just plain wrong.

If you find it difficult to find anywhere legal to park your car in the city, it might occur to you that this is because there are just too many cars on the road. You can help to alleviate this situation by cycling, walking or catching the bus, train or tram, as thousands of other Sheffielders have chosen to do. If you decide to cycle Pedal Pushers are willing to help you get started.

If you wish to respond to this ticket you can email us at pedalpushers@lineone.net. However, you should be prepared to receive replies from a large number of cyclists explaining how your actions have inconvenienced them.
